Pitt Med Professionalism Accolade

CONGRATULATIONS!

Nicole Luche, MD

Fellow
Department of Medicine
Division of General Internal Medicine

Dr. Luche was an exceptional attending during my medicine AI. She led our team with vision and empathy, holding us to a very high standard while also understanding our inherent limits. She continually worked to create a safe, supportive, and positive learning environment. She also really helped me improve my oral/written presentation skills far beyond my experience with previous attendings. Thank you, Dr. Luche, for your exceptional teaching and example!

Submitted by a Medical Student
Internal Medicine Acting Internship, Spring 2024
