UPMC ME Transitional Year Residency

Pitt Med Professionalism Accolade

CONGRATULATIONS!

Andrew Nowak, MD, JD

PGY-1
UPMC ME Transitional Year Residency
Departments of Internal Medicine and Emergency Medicine

Dr. Nowak was one of the residents who was part of my team during my IM rotation at the VA. From the very beginning, he was helpful, kind, and dedicated to teaching. As a medical student it was wonderful to be able to work with and learn from someone like him. He helps create an environment where people can naturally be themselves, and made so much of this rotation fun. He also regularly would give important teaching points to my classmate and I ranging from how to carry out difficult discussions with patients, to important clinical knowledge that we can carry through our careers. It was awesome getting to spend the past month with him.
