Pitt Med Professionalism Accolade

CONGRATULATIONS!

Kireem Nam, MD

PGY1 Resident
Department of Medicine
Division of General Internal Medicine

I got to work with and learn from Dr. Nam during my Internal Medicine rotation at the VA. She's incredibly smart, kind, and affable. She regularly taught me and my classmate on the team, and also provided a great role model for so many of the traits I hope to exude when I'm a resident one day. She has incredible bedside manner, treats everyone with respect, cares for her patients with great compassion, and is wonderful to be around and work with. She, along with the other members on the team, created an incredibly supportive, fun, and rewarding environment to work in. Anyone who gets to work with Dr. Nam is lucky!
