CONGRATULATIONS!

Yuying “Sara” Cao
MS3 Student

Sara was a fantastic team member on internal medicine. I learned from her niche neurology knowledge and benefited from her perceptiveness and caring attitude. She was quick to point out team members’ unique abilities and successes while providing encouragement in moments of challenge or failure. When my first patient passed away, she took the time to ask me how I was doing and offer support. It was a busy week, and I think without her bringing it up, that moment would not have been recognized. Her vulnerability in sharing moments where she felt stressed or overwhelmed made me feel less alone and allowed us to work through challenges together. It was a joy to work with her as a fellow medical student.
