Pitt Med Professionalism Accolade

CONGRATULATIONS!

Sarah Yousef, MD
PGY5 Resident
Department of
Cardiothoracic Surgery

Dr. Yousef was an outstanding teacher despite an incredibly busy workload. She showed great care for the learning environment and made every effort to make sure the medical student on her rotation was given appropriate responsibilities and opportunities for growth. She even made sure the medical student was able to present, was included in lunches with the attending, and always introduced, no matter the situation. She is an admirable mentor in male-dominated field, paving the way for other future female CT surgeons. She demonstrated how to handle difficult situations with grace and an ability to always put the patient first. Dr. Yousef is an outstanding resident, mentor and person.
