PITT MED PROFESSIONALISM ACCOLADE

AMBER SHAFFER, PHD

Research Assistant Professor
Department of Otolaryngology

"Through several projects, Dr. Shaffer was an exceptional mentor, guiding me through each step of the research process, from formulating research questions and methodology to responding to editors and finalizing publications. She was always incredibly patient with my learning, responsive, and hardworking. Under her guidance, I gained the confidence to perform my own statistical analysis and also mentor underclassmen in research. I feel incredibly privileged to have developed my scientific research and writing skills under her mentorship."
