PITT MED PROFESSIONALISM ACCOLADE

TYLER CUNNINGHAM, MD, PHD

PGY1 Resident
Department of Pediatrics
General Pediatrics Program (CHP)

"Dr. Cunningham was a truly outstanding educator, mentor and physician during his time supervising medical students. On service he provided helpful teaching, delegated responsibilities appropriately, and provided constructive feedback. He is kind, thoughtful, and a great mentor, facilitating medical student growth, learning, and career exploration while on clerkship. Dr. Cunningham seemed much more like a third year resident than an intern. "
