PITT MED PROFESSIONALISM ACCOLADE

EUGENE KIM

MS2 Student

"As our class council president two years in a row, Eugene has been instrumental in guiding our class through the first iteration of the new 3RC curriculum. We have much to learn from him: Eugene is kind, level-headed, and principled. We appreciate how receptive he is to our concerns and [how he] communicates them to admin to advocate on our behalf, especially as we approach dedicated for STEP 1 and clerkships. In moments of duress, Eugene encourages us to reflect the light in others and, above all, to give each other grace. We are lucky to have such a special person in our class. Thank you for all you do, Eugene! "
