David is a standout student whose kindness and authenticity shine through in all he does. His empathetic and supportive nature fosters a welcoming environment, and he consistently makes a meaningful impact on our learning community. During small groups, David shares his experiences and insights generously, enriching discussions and encouraging deeper exploration of material. He asks insightful questions that clarify complex concepts not just for himself but for everyone involved. He embodies the best qualities of a future doctor: compassion, professionalism, and a genuine commitment to the well-being of others. I am honored to call David a classmate and friend.
