Pitt Med Professionalism Accolade

CONGRATULATIONS!

Owen Clinger

MS3 Student

Owen was a crucial peer mentor to me during my first clerkship on MS3. He went out of his way to help me navigate the EHR, interpersonal dynamics on the wards, and explained the intricacies of the workflow in the hospital. He would give me feedback on my presentations for improvement, advice on how to prepare for shelf exams, and guidance on other critical components of the clerkship. Owen would also checked-in to make sure that I was doing okay with this transition to clerkships and I always felt like I could reach out to ask him any questions I had. I would have been very lost without Owen's patience and willingness to lend a hand, and I greatly appreciate him for his mentorship.
