PITT MED PROFESSIONALISM ACCOLADE

AMAAN RAHMAN

MS3 Student

"Amaan excelled in the pediatric primary care clinic, demonstrating a thoughtful and compassionate approach to patient care while actively helping the team with the clinical workflow. He consistently brought enthusiasm to the team and impressed everyone he worked with. One particular instance showcased his ability to rise beyond the expectations of a clerkship student. When a patient presented with anaphylaxis, Amaan promptly recognized the severity of the situation and immediately sought assistance from faculty and residents. As the team managed the acute emergency, he remained by the patient's side, providing reassurance and support to the patient and their family, helping them stay calm during a stressful moment..."
