PITT MED PROFESSIONALISM ACCOLADE

ALYSON "ALY" LEE

MS3 Student

"Alyson 'Aly' Lee is always willing to offer tips and tricks to underclassmen on how to succeed in different settings within Pitt Med. When recently approached about how to succeed on a specific rotation, Aly took a truly significant amount of time to explain specific protocols, suggest different apps and tools that were helpful, and to offer encouragement and support. Aly is a prime example of what it looks like to support your colleagues, to go the extra mile to leave someone feel prepared, and to offer that little extra bit of empathy for others. Aly inspires me to be the sort of person who shares knowledge freely for the collective success of the team and always looks out for those around me."
