PITT MED PROFESSIONALISM ACCOLADE

PEYTON SKUPIN, MD

PGY4 Resident
Department of Urology
General Urology Program
(PUH)

"...I was lucky to spend most of my time in the OR with the PGY4 Dr. Skupin, who was an enthusiastic, friendly, and effective educator. She took a proactive role in medical student education -- thanks to her direct guidance, my suturing abilities significantly improved within 2 weeks. She did an excellent job narrating cases in ways that were informative and easy to understand...she was approachable and receptive to answering questions in all settings and facilitated a collegial and comfortable environment in the OR. She clearly went out of her way in not only teaching medical students but also getting us involved with patient care. I hope she continues her educational style for all her future juniors and medical students alike.

I hope all medical students doing their surgical rotation have a team that is as collegial and dedicated to teaching as the residents were during my time at SHY Urology."
