PITT MED PROFESSIONALISM ACCOLADE

HEATHER JERICHO, M.ED.

Assistant Registrar
Office of Student Affairs

"Heather Jericho has been one of the kindest, most supportive, and hardworking individuals I've had the pleasure of emailing. During an especially stressful time…Heather was a constant source of clarity and encouragement.

She went above and beyond in helping me navigate each challenge… Her communication was always clear and thorough; she carefully explained the documentation required at each step, helped me troubleshoot issues…and consistently replied to my emails with remarkable speed and kindness. Her dedication and genuine care made a significant difference during a stressful process, and I'm deeply grateful for her support."
