PITT MED PROFESSIONALISM ACCOLADE

MORGAN CODY

MS3 Student

PITT MED STUDENT EXECUTIVE COUNCIL'S STUDENT OF THE MONTH JUNE 2025

"From the very beginning of my time at Pitt Med, Morgan has been an extraordinary source of guidance and support. As a mentor, she has consistently gone above and beyond—taking the time to walk me through the complexities of the Three Rivers Curriculum, offering practical advice and encouragement, and answering every question I had, even while managing her own demanding clinical rotations. Morgan is not only deeply knowledgeable and insightful, but also extremely approachable and kind. Before meeting her, I had a couple of connections to upperclassmen, but Morgan quickly became a cornerstone of my professional support system. I can say without hesitation that my first year would have been far more difficult—and far less rewarding—without her mentorship. Anyone fortunate enough to call Morgan a mentor, colleague, or friend is truly lucky."
