PITT MED PROFESSIONALISM ACCOLADE

BETHANY HILEMAN

MS4 Student

"MS4 Bethany exemplifies what it means to be an amazing Pitt Med student and future physician…Through her encouragement and one-on-one sessions, I felt highly prepared and more confident for the summative exam... One quality about her that resonates with me the most was her willingness to be wrong, and correct her mistakes. She prioritized this all for the benefit of future patients. Bethany is highly knowledgeable, patient, compassionate, empowering… the list goes on. The future of medicine is definitely bright with students like Bethany!"
