PITT MED PROFESSIONALISM ACCOLADE

MACIE HAKIM

MS1 Student

"Macie has been a fantastic friend and source of support throughout our first semester of medical school. She is always willing to lend a helping hand and a listening ear. She has consistently stepped up as a classmate and as a friend to listen to my thoughts and help me study more effectively.

Macie has made the Pitt Med student community a better place to learn and grow as a student. You are awesome Macie!"
