PITT MED PROFESSIONALISM ACCOLADE

CARLY MARBLE

MS1 Student

"Carly has been a tremendous support to me as a classmate through a challenge. As a SHARP Rep for the Class of 2029, she took a substantial amount of her time and attention to help me navigate a personal challenge, and did so with genuine kindness, sensitivity, and reliability. This came during a busy period in the semester, with important deadlines and a final exam the following week, so I particularly appreciate her time sacrifice and support while she [was] so busy. She is clearly an asset to her class, and the type of student who makes Pitt Med a better place."
