PITT MED PROFESSIONALISM ACCOLADE

AMIT PATEL

MS2 Student

"Amit embodies professionalism in all senses. Not only is he always engaged in class, but he goes beyond by being extremely approachable when it comes to discussing class material. He fosters a sense of inclusivity that makes everyone feel welcome in every room he is in. He sees the best in his peers and uplifts them, displaying unwavering kindness to everyone he meets. He advocates for his classmates through his leadership of ELEAP.

Amit strikes me as someone who puts genuine care into both people and the things he does, and I admire the level of consistency with which he shows up and engages fully with everything and everyone."
