PITT MED PROFESSIONALISM ACCOLADE

CHRIS SHIN

MS1 Student

"Chris Shin has made the Pitt Med community a better place to learn, and there is truly no Pitt Med without Chris. As both my friend and classmate, Chris has always gone above and beyond to supplement my learning, from explaining complicated topics to lending a listening ear for any and all concerns I may have. Chris has consistently demonstrated kindness, compassion, empathy, and emotional intelligence, which are fundamental key tenets to nurturing fantastic future physicians. I was lucky this past semester to have Chris in my small group, lucky to have him as my Longitudinal Alliance Program partner, and lucky to have him as my classmate throughout my years in medical school. You are awesome Chris!"
