PITT MED PROFESSIONALISM ACCOLADE

KELSEY LYONS

MS1 Student

PITT MED STUDENT EXECUTIVE COUNCIL'S
Student of the Month
March 2026

"Kelsey's positivity and sense of humor have been so important in helping me get through a tougher block. Whenever I was feeling stressed about the content, Kelsey was always there for me to vent and help me focus on the bright side. She makes going to large group and learning together so much fun, and she is so dedicated and passionate about every single thing she puts her mind to. Kelsey is always willing to explain something to someone else who is confused, and her patience is admirable. She is someone who always goes the extra mile, regardless of whether it is in the classroom, her extracurriculars, or in her personal life."
