PITT MED PROFESSIONALISM ACCOLADE

HEATHER JERICHO, M.ED.

Assistant Registrar
Office of Student Affairs

"Heather Jericho is one of the most efficient and responsive administrative staff members I've had the pleasure of working with. The away rotation and VSLO planning process has been incredibly stressful for me, filled with tight deadlines and constant moving parts. Heather consistently goes above and beyond with her efficiency, organization, and timely communication, which has genuinely helped put my mind at ease.

As I was reflecting on this process, I realized just how much more overwhelming it could have been without her support. I truly can't imagine navigating this experience without Heather. Her dedication makes a meaningful difference, and I'm deeply grateful for her work."
