# PITT MED PROFESSIONALISM ACCOLADE

## NATHAN SCHNEIDER

GS6 Student, Center for Neuroscience

"Nathan has shown exceptional leadership within the CNUP graduate program and School of Medicine with his sustainability initiatives. As the current Chair of Sustainability within the BGSA, he has initiated several projects this spring including recycling of soft plastics from laboratory supplies and coordinating with Pitt DLAR to replace plastic housing materials with compostable options. He consistently leads the graduate program's monthly sustainability check-ins and encourages involvement in ongoing activities. I greatly admire Nathan's commitment to sustainability initiatives while deep in the thesis dissertation stage. I can't think of anyone more deserving for this award."
