PITT MED PROFESSIONALISM ACCOLADE

REENY THOMAS, MD

PGY2 Resident
Department of Radiation Oncology
Radiation Oncology Program (PUH)

"Dr. Reeny Thomas made me feel welcome on the first day of my first clerkship by creating a supportive learning environment, encouraging questions, and ensuring I felt comfortable asking them. She was consistently approachable, took time to explain her clinical reasoning clearly, and turned everyday clinical encounters into meaningful teaching moments, helping me build both my clinical skills and confidence."
