"MS1 SHARP reps Carly Marble and Emily Rappleye went above and beyond in organizing thoughtful goodie bags for the MS2s in November 2025 prior to our dedicated for Step 1. They coordinated with our LEs to include heartfelt notes and well wishes, making the gesture especially meaningful. In addition, members of the MS1 class made homemade treats, which was incredibly thoughtful and appreciated. Their kindness, initiative, and effort made this a truly memorable moment for our class. I am very grateful to Carly and Emily for all the care and hard work they put into making this event so special for us."
