"Annika, Vaish, and Chris were an absolute pleasure to work with throughout our internal medicine rotation. They consistently checked in on us, made teaching a genuine priority, and brought warmth and energy to the team every single day. They went out of their way to ensure we always had a solid plan ready for rounds, and they met every question, no matter how small, with patience and enthusiasm. Approachable, encouraging, and genuinely fun to be around, they created the kind of supportive learning environment that makes a rotation memorable. Any medical student would be incredibly lucky to work with them."
