KATHERINE "KATE" APPEL

MS4 Student

"I would like to recognize Kate for the tremendous support she provided me during my Internal Medicine rotation. Initially, I struggled with feeling overwhelmed by the complexity of each patient. After only briefly mentioning this to Kate, she was quick to recognizing my frustration and offering me her advice. She walked me through a patient case and gave me in-depth and specific points on how to better structure my presentation and notes. Kate has a remarkable ability to simplify complicated cases by extracting the most pertinent information and she was an exceptional model for me to learn from. Kate will be a phenomenal future resident, colleague and mentor in any career she pursues."
