ARNAV MEHRA

MS4 Student

"Arnav is a wonderful medical student. Not only is his medical knowledge truly excellent, but most importantly, he deeply cares for his patients. He ensures that he knows all of the important data prior to creating a well-thought out assessment and plan. Additionally, he is a true patient advocate. Always ensuring that all studies are obtained and updating the team on relevant results.

I am extremely impressed by his medical knowledge, care of patients, and passion for medicine. In addition to all of those things, he is a fun and positive person to have on the team. He will be an incredible resident physician."
