PITT MED PROFESSIONALISM ACCOLADES

Cultivating a Positive Learning Environment

NIRAV BHATT, MD

Faculty
Department of Neurology
Division of Cerebrovascular Medicine

"Dr. Bhatt created a very positive learning environment during my time on the stroke unit. With each patient we would round on he made sure to teach about relevant physiology and how can use this knowledge to better guide patient care. In addition, Dr. Bhatt emailed the team pertinent research studies regarding the care we provided for specific patient cases. This allowed me to learn a lot more and better understand the treatment plans. It was a great experience working with and learning from Dr. Bhatt."
