Pitt Med Professionalism Accolade

CONGRATULATIONS!

Mark Etherington, MD

Fellow
Department of Surgery
Division of Surgical Oncology

Mark is the type of medical educator I'd like to be in the future…he wants to get to know you so he can best maximize your learning experience. He's someone who will just chat with you about anything and try to figure out your goals or help you develop them if those are still unclear. He then does his absolute best to make sure you have the opportunity to accomplish those goals. He's also constantly amazing to be around because you learn early on that he really wants to best for you…I always felt super supported and excited to learn when he was overseeing my learning.

…He's a role model of who I want to be as a future medical educator, and I tell everyone about how Liver Surgery has a fellow who is one of the best medical educators I've ever met. In my opinion, the best teachers are those that are truly invested in their students and are willing to get to know them to best help them. That's Mark. He really excels in every aspect of being a great teacher.

– Submitted by a Medical Student
Surgery Clerkship, Spring 2024
