Pitt Med Professionalism Accolade

CONGRATULATIONS!

Sebastian Boland, MD

PGY4 Resident
Department of Surgery
Division of General Surgery

Dr. Sebastian Boland went above and beyond as a senior resident during my surgery clerkship. He created an environment extremely conducive to learning by maximizing student time in the OR and appropriately encouraging active participation, discussing pre-operative decision making in detail, pointing out key points during each procedure, making time to teach relevant hands-on skills, and even directing me to specific resources for preparation prior to operative cases. He demonstrated a dedication to teaching that was integral to my learning during the rotation and which undoubtedly contributed to my performance.
