

# Pitt Med Professionalism Accolade

## CONGRATULATIONS!

**Rachel Brown, MD**

**PGY1 Resident**

**Department of Psychiatry**

Rachel went above and beyond any resident I've worked with previously. She provided detailed, additional teaching sessions and resources to help me and other students excel during the rotation. In addition, she gave very thoughtful, detailed feedback far beyond what is normally expected from a resident. Beyond her commitment to education, Rachel showed genuine interest in my own career and goals tailoring my psych experience to try and incorporate those as much as possible.
