Pitt Med Professionalism Accolade

CONGRATULATIONS!

Gillian Carll, MD

PGY2 Resident
Department of Family Medicine

Gillian goes out of her way to make students feel like integral members of the team! …She always encouraged me and the other medical student on the rotation. She would find small teaching points in each patient we would see together in clinic. She created a safe environment where she challenged me to come up with differentials and a management plan in a low-stress way. She constantly focuses on making sure students are comfortable - she kept us in the loop at all times during the busy days of inpatient and clinic work. She is incredible with her patients - she is compassionate, thoughtful, very competent, and cares deeply for every patient! I've been fortunate to work with her on 2 other rotations, pediatrics and family medicine, and she continually went out of her way to find opportunities for me to learn through small procedures and interesting patients. Every student should hope to work with residents as incredible as Gillian.
