

Pitt Med Professionalism Accolade

CONGRATULATIONS!

**Ander Dorken Gallastegi,
MD**

**PGY2 Resident
Department of Surgery**

Ander was one of the best residents that I've had the pleasure of working with. From day one, he was enthusiastic about teaching, helping me get accustomed to my role, and helping me improve on my clinical practice. Ander always treated me with respect, kindness, and empathy. In addition, he intentionally took the time to teach, answer questions, and provide real-time feedback and mentorship. Ander demonstrated attributes that make an exceptional teacher and leader who will surely continue to do great things. I am grateful for his exceptional professionalism.
