

Pitt Med Professionalism Accolade

CONGRATULATIONS!

Mark Fadel, MD
Resident

Mark went out of his way to ensure that I had a great experience on ENT. He went above and beyond to make sure that I felt welcome during a clerkship where it would be easy to feel anonymous. Mark took time out of his day to teach me about his field, and his passion for ENT and the patients he cares for was evident. I had a wonderful experience thanks to Mark; he is an asset to his department and Pitt Med students are lucky to have him!
