

Pitt Med Professionalism Accolade

CONGRATULATIONS!

Sabrina Bruno

MS1 Student

Several students were unable to attend the Bug Club review session on Monday evening 3/13...Fortunately, Sabrina was in attendance, took diligent notes on all the questions, the reasoning for why X answer was correct, Y answer was incorrect, and most importantly shared this with all of the class! ...Sabrina's preparedness, and willingness to help out all of her fellow classmates exemplifies the camaraderie Pitt Med strives for.
