

# Pitt Med Professionalism Accolade

## CONGRATULATIONS!

**Lily Bessette**

**MS2 Student**

Lily is a joy to have in the Pitt Med community. Her classmates love the presence that her and her precious dog Chico bring to our community. She is cheerful, bright, passionate, and wicked smart. Through her SEC role, she has poured countless hours into improving the experiences of Pitt Med students, from her incredible organizing of the Black Bag Ball to her advocacy during our JoLT meetings and for making sure that MSTP students don't get left out. I am proud of everything that she has accomplished and look forward to seeing what she does next to improve the Pitt Med experience.
