

# Pitt Med Professionalism Accolade

## CONGRATULATIONS!

**John "Jack" Donohue**

**MS2 Student**

Jack has served as one of four interview coordinators with the Admissions team for the past year. He has consistently ensured that all aspects of the interview process were organized, from maintaining the MS1/2 schedule and coordinating swaps to hosting Sunday Night Chat sessions with prospective students. Most notably, he has exhibited exceptional professionalism and flexibility in taking on emergency interviews for our peers unable to make their interviews. Jack has hosted numerous interviews on the spot this semester and has allowed applicants to have a low-stress and memorable student interview despite the circumstances. His prompt responses, attention to detail, and sharp communication skills have allowed him to be a strong member of the interviewing team. Jack demonstrated a strong commitment to upholding the highest standards of professionalism in all aspects of day-to-day operations and in the training of the new class. His approachable, courteous, and respectful demeanor, has made him an invaluable asset to our school's recruitment efforts. Thank you for being a great teammate, Jack. Your efforts do not go unnoticed!
