

Pitt Med Professionalism Accolade

CONGRATULATIONS!

Sahana was a prime example professionalism when she dedicated many hours of her precious study time to help her peers prepare for their upcoming DSRP poster presentations. As a PSTP student, she is not a part of DSRP herself, yet she willingly shared her expertise for the betterment of others. Her research knowledge was undoubtedly vital to the completion of these projects. This interaction with Sahana was unsurprising, given that she is one of the most generous members of the UPSOM class of 2026. She is always more than willing to help people in need and never seems to mind setting aside her time others. We are lucky to have her as a classmate.
