Pitt Med Professionalism Accolade

CONGRATULATIONS!

Minakshi Poddar

Staff Laboratory Manager
Department of Pathology
Division of Experimental Pathology

I am thrilled to write this review for Minakshi, an incredible member of Dr. Paul Monga's lab in Experimental Pathology. Minakshi brings an amazing energy to our lab with her bubbly and vibrant personality. Her enthusiasm is infectious, and she has a unique ability to uplift everyone around her.

Beyond her technical skills, Minakshi's compassion and kindness truly stand out. She is always ready to offer support and encouragement to her colleagues, creating a positive and collaborative work environment. Her genuine care for others makes her not just a great lab technician, but a wonderful human being.

In summary, Minakshi's energetic and compassionate nature makes her an invaluable member of our team. We are fortunate to have her with us in Pathology!
